All vehicles parked in the Project in plain view shall be in operating condition with a current vehicle license and safety stickers required by law. All vehicles shall be centered in the assigned, designated parking stall(s) so as to prevent crowding of adjacent stalls and blocking of passage ways. No commercial vehicle bearing commercial insignias or names shall be kept in a location visible to other Owners, unless the Owner is required to use it for work and it is registered with the Site Manager.

**By signing this form, you understand and acknowledge that failure to observe the rules stated above and in the House Rules may result in progressive enforcement by the Association, including penalties, fines and towing of your vehicle(s).**
